Knowing Works®

Becoming a parent is exciting, but it can bring big changes. Many parents want information, reassurance and support, but it's not always obvious where to find it. That's why we want to hear from you.

Join our network for parents in Suffolk

Join our **Best Start Family Voice network** for parents, carers, and guardians across Suffolk to find out how you can shape support for children and families with us.

Our network will support Suffolk County Council to develop its Best Start Family Hubs service and approach – building on Suffolk's existing Family Hubs service and ensuring all families feel comfortable asking for help when they need it.

There's no commitment. We'll send you opportunities to get as involved as you like as the service develops locally.

Why join in?

As a part of the network, we'll tell you about ways you can inform the development of the 'Best Start' approach in Suffolk — a plan focused on giving every child the strongest foundations for learning and development by the age of five.

That might include:

- The chance to take part in surveys, meetings, or focus groups.
- Informing how support is delivered by local Best Start Family Hub services near you.
- Helping decision-makers to know more about the support parents need in Suffolk.
- Supporting the decoration of local Best Start Family Hubs and helping the Council to know how they can be designed in ways that help every family to access them.
- Opportunities to shape services and support in other ways.

Sign-up today, and help us make sure services are shaped with your needs, and the needs of your family, in mind.

Independently hosted by Knowing Works CIC for:

Suffolk County Council
